

Deepak Choudhary

Web Developer

Phone: +91 84610 99041

Email: mr.deepak8461@gmail.com

Address: Jalgaon, India

Date of Birth: 17/02/1999

As a web developer to create and maintain functional, attractive, and responsive websites. A clear understanding of modern technology and best design practices converts PSD template files into HTML 5, CSS 3 design and WordPress. It creates responsive websites for all devices using Responsive Media Queries and Bootstrap 5. Also worked on many freelancing web development projects.

EMPLOYMENT HISTORY

Web Developer ► 15, Jalgaon

2022 - Present

Since last year, I've worked at CinoidWeb. Here, I was able to work with a variety of technologies, such as WordPress, HTML 5, CSS 3, and React JS (Elementor and Avada). I have developed more than 80 websites, including ones for e-commerce, information, diagnostics, and logistics. I also completed a six-month internship earlier. That company is known as Cube9 Infotech Private Limited. I also have six months of experience working as a freelancer.

EDUCATION
